CONNECTING YOUR WORLD

We operate in

220 countries and territories worldwide

451 TAPA* certifications

+295 aircrafts

+2,300 flights a day

3,800 facilities

The Group aims to reach 0 CO₂ emissions by 2050

116,00 employees

288 million Express shipments a year

115,000 service points

34,600 vehicles

Global figures, estimated to the closing of 2023
*TAPA = Transported Asset Protection Association

SUSTAINABILITY OUR SUSTAINABILITY MAP

Everything we do has one single purpose: **connect people, improving their lives.** We need every area of our business to be sustainable, for which we have clear objectives in the following areas:

More sustainable operations for climate protection

- Calculate duties, taxes, and other Additional Charges.
- Build carbon neutral facilities by design.
- Develop the broadest green portfolio.

A great place to work

- Attracting and retaining the best talent.
- Fostering a solid "Safety first" culture.
- Having a diverse and inclusive working place.

Highly reliable company

- Regulatory compliance as the core of our daily activities.
- Efficient governance throughout the Organization.
- Like-minded providers and partners who meet such objectives.

OUR GOAL FOR 2030

<29 million

Reduce our GHG Emissions to less than 29 million tons

7€ billion

Investing 7 billion Euros in green technologies

SBTi

Committed with the Science Based Targets initiative

30%

30% mix of SAF for all air transportation

OUR COMMITMENT TOWARDS CLIMATE PROTECTION

1. Leading sustainable aviation

Our DHL Express GoGreen Plus solution aims at reducing CO₂ emissions of shipments by using Sustainable Aviation Fuel (SAF). Adopting more sustainable logistics or reducing CO₂ within your own supply chain. That is not only good for the environment, but also gets benefits on your CO₂ emissions reports. Here is how:

- The GoGreen Plus base contract reduces (inserts) 30% of CO₂ in all your international express shipments (by air).
- MyDHL™ gives you the GoGreen Plus option, allowing you to choose the shipments where you want to invest using SAF.
- You can alternatively choose a tailored solution to achieve a greater reduction on CO₂.

Our GoGreen Plus service is possible thanks to our partnership with BP and Neste to provide DHL with SAF, expecting around 2 million tons savings of CO₂ emissions in the aviation fuel cycle.

2. Green last mile and transportation

Convert 60% of our fleet to electric vehicles and get over 30% of renewable fuels for our freight transportation by 2030.

3. Carbon neutral facilities

Design 100% of new buildings to be net zero.

4. Range of green products

Our GoGreen Plus service allows our clients to insert up to 100% of their CO₂ emissions by air for international express shipments.

STORAGE AND SHIPMENT PREPARATION

Our facilities are at your disposal to store, prepare and distribute your products until final delivery. We have the needed technology and processes to perform robust inventory control, order consolidation and parcel assembly to finally, deliver to the end recipient.

DHL EXPRESS MEXICO SERVICE POINTS

"Pick-up" and "Drop-off" services are pickup and delivery logistic solutions, based on DHL Express Mexico Service Points' infrastructure, which are at the service of our customers alongside the country, with special working hours, security measures and specific solutions for them.

GENERIC ID

DHL Express Mexico's solution for reverse logistics. It uses the infrastructure of Service Points to deliver shipments from various domestic origins towards a specific destination. A generic acronym and alphanumeric number with pre-entered data leads to the issue of waybills without users needing to access DHL's accounts, keeping them safe and controlled.

INDIVIDUAL SHIPMENT HANDLING

This solution allows mass deliveries of shipments to end recipients, providing DHL Express Mexico with a consolidated shipping list for labeling and final distribution.

This is a two-stage process:

Stage 1

Receipt of a consolidated package. Applicable for international and/or domestic shipments.

Stage 2

Shipment brake down, labeling and distribution of individual shipments to the final recipients.

NEUTRAL DELIVERY SERVICE™ (NDS)

This solution allows you to import and export your products preventing final recipient from having access to attached documents —such as customs expenses, invoices, etc.

Service with limited coverage.¹

DHL BREAKBULK EXPRESS™

This solution provides a single customs clearance for multiple shipments with one unique importation request. Express Breakbulk™ is a door-to-door process in which DHL picks up a previously consolidated waybill (Master waybill) and delivers individual shipments (Child waybill) to the recipients in the import country.¹

DHL DOMESTIC RETURN SHIPMENT™

Door-to-door service for administrative management and return of documents or parcels to their point of origin. Use this domestic round trip service to easily collect reliable proof of delivery of your shipment on a standard document; and to get a parcel returned. Service with limited coverage.¹

Apart from the described solutions, we have a dedicated team of specialists focused on helping build solutions that cover your logistic needs.

Tailored Solutions must be previously requested and analyzed by DHL Express Mexico to confirm suitability and reach.

Notes and restrictions:

1. Please contact your Account Executive to determine the solution which best fits your needs. Applicable restrictions according to service coverage.

Contact your Account Executive to know about service coverage, or visit: <https://mydhl.express.dhl/mx/es/home.html>
Contact your Account Executive about rates for the above-mentioned solutions.

DIGITAL TOOLS

DHL offers efficient electronic tools to adapt to different shipment needs, and to make it easier for you to use our services. Besides, we give you the following benefits:

- Waybill tracking and online pickup requests.
- Avoid refilling data thanks to the address book.
- Up-to-date information regarding coverage, rates and products.
- DHL has rapid access to all the services we provide through our digital hub. Please visit: <https://dhlproductosyservicios.com/hubpreview/>

#SigueTuEnvío

DHL Express Mexico gives you a proactive tracking service via Facebook DHL Mexico (@DHLMX) to provide customers and end users with instant message notifications about the location of their shipments, following these steps:

1. Go to Messenger and search for DHL Mexico.
2. Send a message writing #siguetuenvío, space, waybill number.
3. All done! Your waybill is now registered.

We Care

We Care allows follow-up on guarantees, delivered shipments with damage or non-delivered shipments. Take advantage of filing a report without calling, getting real-time reports and report follow-up. You just need to sign up, creating a user and password at: <https://spark.dhl.com/wecare>

DHL Express On Demand Delivery (ODD)

It allows recipients to adjust delivery options according to their needs and preferences. Some of the main features are:

1. Change delivery date: Recipients can adjust the delivery date to a more convenient one within the next 7 business days from the original scheduled date, based on their preference.
2. Alternate address: Upon request, the recipient may arrange for the shipment to be delivered to a different location (e.g., office address, neighbor, etc.) on a specified date.
3. Pick-up at Service Point: Recipients can request to collect their shipment from a DHL Service Point location.
4. Vacation or absence: Shipments can be held for up to 30 working days after the original delivery date, until the recipient's return.

How it works

ODD notifications are sent over email and WhatsApp.

Registration can be made through <https://delivery.dhl.com/on-demand-delivery.xhtml?ctrycode=MX>

WhatsApp

Get digital assistance through WhatsApp for information regarding our products and services, to locate DHL Service Points, track your shipments or chat with our staff in real time. Save the following number in your contact list: 001 954 953 3545 and send a WhatsApp message to our digital assistant.

Chat

Chat with our digital assistant by going to our website and going to the tracking section:

<https://mydhl.express.dhl/mx/es/home.html>

DHL Express provides you with state-of-the-art options for making business in a fast and simple way through our website <https://mydhl.express.dhl/mx/es/home.html>, where you will have live support via chat to know the status of your shipments in real time, to schedule your pickups or get any information about our domestic and international products and services. We have the best specialized service.

Interactive Voice Response (IVR)

You can interact with our automatic system to know the status of your shipment by calling 55 5345 7000, and then selecting option 1 or saying "Localizar mi paquete" in Spanish. You will then be asked the 10 digits of your tracking number to provide you with the latest status of your shipment. If you want to schedule a pickup, select option 2 or say "Realizar envío", in Spanish, you will then need to provide your waybill information or your DHL account information. You will become part of the e-commerce world thanks to your DHL account number. To get further information and to select the tools that best fit your needs, visit our website:

<https://mydhl.express.dhl/mx/es/home.html> or contact your Account Executive.

MyDHL+™

MyDHL+ is a platform that allows a faster, easier and more efficient way to ship for different users. It is more than an optimized platform; it is the next step towards evolution in domestic and international shipments.

Some of MyDHL+ features are:

- Single sign-on and easy access to waybill generation, quotes, tracking and pickups.
- Account holders who already use DHL Express Mexico electronic tools can immediately start their imports and exports within 220 countries and territories.
- Save time with simple processes, default preferences and automatic updates.
- Our user management tools with multiple users are ideal for corporate companies.

- Schedule pickups for all your waybills regardless of the tool used to generate it, using the following site: <https://mydhl.express.dhl/mx/es/schedule-pickup.html#/schedule-pickup#label-reference>

Additional to the above-mentioned features, MyDHL+ also offers the following tool:

PROVIEW™

DHL ProView is an online tracking solution that offers real-time shipping visibility and customizable notification scheduling based on shipment status. This tool provides convenient access to shipment information and updates on their current status.

For more specific shipping solutions we also have:

WEB SERVICES

Online solution that allows our customers to integrate their systems with DHL Express Mexico's system to perform their most important logistics tasks: service coverage validation, quotation, pickup requests, tracking, waybill creation and electronic proof of delivery.

DHL EXPRESS COMMERCE (DEC)

Online solution that allows you to integrate your eCommerce shop to DHL Express Mexico's system to perform your most important logistics tasks: service coverage validation, quotation, pickup requests, tracking, and waybill creation. This solution is compatible with Shopify®, WooCommerce®, PrestaShop®, Magento®, OpenCart®, BigCommerce® and Etsy®.

MyGTS™

MyGTS is a free and user-friendly platform that will help you easily review all international shipping regulations. You can access it through your DHL Express account or by signing up with a new account on MyGTS to access:

- **Pre-shipment Planner:** This tool helps you comply with import and export regulations and check landed costs.
- **Exact Harmonized System codes:** No more setbacks; MyGTS uses AI to provide the right classification for all your shipments, expediting customs clearance. Search for harmonized system codes and tariff codes using key words or through the code list.
- **International Parcel Shipping costs:** Find out the costs of shipping, tariffs, duties and freight to improve your pricing strategy and get transparent shipping rates for your clients, building trust for your business.
- Help with import and export requirements everywhere: No more customs hold!
- All the documents you need for an expedite customs clearance.

- **Product Catalogue:** Where you can save your search history, product details and rate codes to use them for future shipping.

Scan and know more

For more details, visit the online DHL Express Mexico Resource Center: <https://mydhl.express.dhl/mx/es/ship/solutions.html>

DHL EXPRESS MOBILE APP

Use our new mobile app DHL Express Mobile to track your shipments and manage your deliveries all in one place. You can locate the nearest DHL Service Point for pickup and delivery, as well as easily check shipment rates on your mobile phone. We also have advanced services available, like GPS tracking and barcode scanning with a camera.

Download the DHL Express Mobile app from the Google Play Store (Android) or Apple App Store (IOS).

Notes and restrictions:
Please contact your Account Executive to determine the solution which best fits your needs. Terms and conditions on the use of MyDHL+ tool available for consultation at: <https://mydhl.express.dhl/mx/es/home.html>

RETAIL

DHL Express Mexico has over +720 owned Service Points, which allows us to be closer to you and to offer a whole range of solutions with the service quality you deserve.

To find the nearest DHL Express Mexico Service Point visit: <https://mydhl.express.dhl/mx/es/locator.html>, where you will find service hours, address, maps and directions to arrive.

Exclusive services offered by DHL Express Mexico include:

In-store Pickup

Your documents and parcels can be delivered at the DHL Express Mexico Service Point of your preference as an additional choice, giving you a broader time-frame to pickup your shipments. The recipient will be required to show an official ID to receive the shipment.

Note: In-store pick up is not available for all Service Points, for more information reach your sales representative.

Packaging

In order to offer a holistic solution, DHL Express Mexico offers different types of packaging to ensure safe and reliable shipping.

 Discover the exclusive products available at DHL Express Mexico Service Points.

YOUR SHIPMENTS STEP BY STEP

1. ESTABLISH THE WEIGHT OF YOUR SHIPMENT

There are two types of weight measurement to be considered before sending your shipment:

Physical weight

Is the actual weight of your shipment, obtained using a scale.

Volumetric weight

Determine the volumetric weight of your shipment, including its packaging, using the following formula:

$$VW = \frac{\text{Length (cm)} \times \text{Width (cm)} \times \text{Height (cm)}}{5000}$$

To determine the applicable rate, consider the greater weight for the shipment, either physical or volumetric, calculated using the formula described above.

2. IDENTIFY ORIGIN AND DESTINATION GROUPS

Identify the Origin Group from the list in this Rate and Service Guide, as well as the Destination Group for your shipment in the corresponding table. Write them down to locate the Rate Zones of your shipment.

3. FIND THE RATE ZONE FOR YOUR SHIPMENT

Cross-reference the Origin and Destination Groups and find the corresponding Rate Zone according to this Rate and Service Guide.

For international shipping, locate the country you want to export to/import from and write down the Rate Zone it belongs to.

4. PRODUCT SELECTION

Choose the product that best suits your needs:

- For international shipping, refer to the International Products section (P. 5-7).
- For domestic shipments, refer to the Domestic Products section (P. 7-8).

Notes and restrictions:

DHL reserves the right to set, remove or modify any restrictions and rates for Products, Services and Additional Charges at any time without prior notice, informing the customer by this means or through electronic publication on its website: <https://mydhl.express.dhl/mx/es/home.html>
 DHL Express Mexico is a registered trademark, all rights reserved.

Rates for domestic shipments include 16% VAT in accordance with article 1 of the Value Added Tax Legislation.

For international shipments, a 16% VAT is applicable to 25% of the total bill, except for Third-country shipments. In conformity with Article 29, Section VI, of the Value-Added Tax Legislation. Rates for international services are stated in U.S. dollars (USD). The amount billed is stated in Mexican pesos. The exchange rate considered to calculate the final amount will be the one published by Banco de Mexico on the date when the import/export shipment was issued.

DHL reserves the right to set, remove or modify any restrictions and rates for Domestic and International products, Services, Optional Services and Additional Charges at any time without prior notice, by this means or through electronic publication on its website: <https://mydhl.express.dhl/mx/es/home.html>

Restrictions apply according to service coverage, which can be reviewed at: <https://mydhl.express.dhl/mx/es/home.html>
 Rates valid from January 1, 2025, to December 31, 2025.

For weight and size limits by product please refer to the website: <https://mydhl.express.dhl/mx/es/home.html>

DHL Express Mexico terms and conditions available for review at: <https://mydhl.express.dhl/mx/es/home.html>
 Contact your Account Executive for more information about our services.

Please contact your Account Executive to get the list of dangerous goods and prohibited commodities and the process to enable your account. Products with guaranteed delivery time are subject to coverage on destination. All services abide to the transportation Terms and Conditions available on our website: <https://mydhl.express.dhl/mx/es/home.html>

PRODUCT DESCRIPTION

We perform door-to-door delivery of documents and parcels to over 220 countries and territories, within the next business day, depending on service coverage.

Calculating your shipment's cost:

1. Calculate the weight of your shipment (P. 23).
2. Locate your Rate Zone depending on the destination country (P. 25-29).
3. Additional product information (P. 31).
4. Identify the weight of your shipment in the table below and cross-reference it with the corresponding Rate Zone.

EXPRESS WORLDWIDE™ DOC (D)

Kilograms	1 North America	2 LATAM	3 Caribbean	4 European Union	5 Main economies Asia-Pacific	6 Rest of the world

Rates stated in U.S. dollars.

For Express 12:00, add USD\$19.94 to the Express Worldwide Import rate.

Notes and restrictions for Domestic and International Products:

DHL® is a registered trademark, all rights reserved.

Rates for domestic shipments include 16% VAT based on article 1 of the Value Added Tax Legislation. For international shipments, the 16% VAT is applicable on a 25% of the total bill except for Third-Party countries. Based on Article 29, Section VI, of the Value-Added Tax Legislation.

Rates for International Services and their Optional Services and Additional Charges are stated in U.S. dollars. The billed amount is stated in Mexican pesos.

The exchange rate considered to calculate the final amount will be the one published by Banco de Mexico on the date when the import/export shipment was issued. DHL reserves the right to set, remove or modify any restrictions and rates for Domestic and International Services and Additional Charges at any time without prior notice, informing the customer by this means or through electronic publication on its website:

<https://mydhl.express.dhl/mx/es/home.html>

Additional charges may apply, which can also be found in this Service & Rate Guide (refer to the Additional Services & Charges table) or the website:

<https://mydhl.express.dhl/mx/es/home.html>

Restrictions apply according to service coverage. Please contact your Account executive. Rates valid from January 1, 2025, to December 31, 2025.

Guaranteed delivery in accordance with DHL Express money-back guarantee terms and conditions available on:

<https://mydhl.express.dhl/mx/es/legal/mbg.html>

Terms and conditions available for consultation at: <https://mydhl.express.dhl/mx/es/home.html>

Contact your Account Executive for more information about our services.

Documents over 2.01 kg will be considered as parcel deliveries, you can check the corresponding rate in this Service & Rate Guide.

For weight and size limits by product please refer to the website: <https://mydhl.express.dhl/mx/es/home.html>

Additionally, you can also visit our website <https://mydhl.express.dhl/mx/es/home.html> to check our rates.

All services abide to the transportation Terms and Conditions available on our website: <https://mydhl.express.dhl/mx/es/home.html>

For international shipping, the weight of shipments up to 30 kg will be rounded to the closest 0.5 kg weight, shipments over that will be rounded to the closest kilogram. For domestic shipping, the weight of shipments will be rounded to the closest kilogram.

DHL Express will announce rate changes with a 30-calendar days prior notice (except in emergency surcharges).

If the country's inflation rate is over 5%, DHL will have the right to adjust the applicable rates with a 30-calendar days prior notice.

If Mexican peso devaluates in more than 5% within a 90-day period, compared to USD exchange rates in the main local banks identified by DHL, DHL will have the right to immediately adjust applicable rates in that country.

Adjustments will be proportional to the devaluation rate. DHL reserves the right to apply surcharges for recovery costs resulting from temporary emergencies beyond DHL's control. Temporary surcharges to be applied in addition to rates. All the above will have an 8-day prior notice for any emergency surcharge describing the reasons. One or more Demand Surcharges may be applicable during peak season. Peak season periods will be determined at DHL's discretion and could be a result of high demand on services or high operational costs. Details concerning applicable Demand surcharges are to be established at <https://mydhl.express.dhl/> and subject to change without prior notice. Demand surcharges are cumulative.

DOMESTIC PRODUCTS GROUPS AND ZONES

1. Identify the groups from the origin city and the destination of your shipment in the above Groups and Rate Zones table.

We ship to the whole country. The specific group depends on your Zip Code. Specific groups by state are showed as reference. Contact your DHL Executive to get specific information about your group.

GROUPS

State	Group	State	Group
Aguascalientes	12	Nayarit	10
Baja California	9	Nuevo Leon	3
Baja California Sur	6	Oaxaca	17 y 2*
Campeche	15 y 16*	Puebla	11 y 17*
Chiapas	15	Queretaro	12
Chihuahua	8	Quintana Roo	16
Ciudad de Mexico	1	San Luis Potosi	12 y 14*
Coahuila	13, 3 y 5*	Sinaloa	6
Colima	10	Sonora	7 y 9*
Durango	5	Tabasco	15
Estado de Mexico	1 y 11*	Tamaulipas	13 y 14*
Guanajuato	12	Tlaxcala	11
Guerrero	11 y 2*	Veracruz	14, 15 y 17*
Hidalgo	1, 11 y 14*	Yucatan	16
Jalisco	10, 12 y 4*	Zacatecas	12
Michoacan de Ocampo	11, 12 y 2*	-	-
Morelos	11	-	-

* The Origin Group allocation is subject to the coverage that DHL deems applicable according to its operation. Please contact your Account Executive to properly calculate the applicable rate according to the allocated Origin Group.

2. Find the Rate Zone for your shipments in the above Zone table.

For product rate determination, match Origin and Destination Groups to get the corresponding Rate Zone.

The zone, with the weight and type of product result on the calculation of the final shipment rate

Notes and restrictions:

Rates for International Services and their Optional Services and Additional Charges are stated in U.S. dollars. The billed amount is stated in Mexican pesos. The exchange rate considered to calculate the final amount will be the one published by Banco de Mexico on the date when the import/export shipment was issued. Restrictions apply. Please contact your DHL Service Advisor. Rates for domestic shipments include 1.6% VAT based on article 1 of the Value Added Tax Legislation. For international shipments, a 1.6% VAT is applicable to 25% of the total bill, excepting Third-party. Based on Article 29, Section VI, of the Value-Added Tax Legislation. Rates valid from September 15, 2024, to December 31, 2025.

Demand surcharge subject to change and can be extended or modified. DHL is to give notice of any updates through <https://mydhl.express.dhl/mx/es/ship/surcharges/demand-surcharge.html>

Before making shipments, customers must check for updates through the portal <https://mydhl.express.dhl/mx/es/ship/surcharges/demand-surcharge.html> or in DHL Service Points, or by asking to their service advisor. Purchasing any service implies acceptance of the corresponding Additional Charges for both the product and the shipment characteristics. Restrictions apply. For further information, contact your DHL Account Executive. Demand surcharge (NX) is cumulative with other applicable Additional Charges according to shipment or service specifications. The Demand Surcharge will be listed on the purchase receipt or tax invoice with the code 'NX'.

Rates valid from January 1, 2025, to December 31, 2025.

DHL Express Mexico terms and conditions available for review at: <https://mydhl.express.dhl/mx/es/home.html>

Contact your Account Executive for more information about our services.

For international shipping, the weight of shipments up to 30 kg will be rounded to the closest 0.5 kg weight, shipments over that will be rounded to the closest kilogram. For domestic shipping, the weight of shipments will be rounded to the closest kilogram.

DHL Express will announce rate changes with a 30-calendar days prior notice (except in emergency surcharges).

If the inflation rate in the country surpasses 5%, DHL will have the right to adjust the applicable rates with a 30-calendar day prior notice. If Mexican peso devaluates in more than 5% within a 90-day period, compared to USD exchange rates in the main local banks identified by DHL.

DHL will have the right to immediately adjust applicable rates in that country. Adjustments will be proportional to the devaluation rate.

DHL reserves the right to apply surcharges for recovery costs resulting from temporary emergencies beyond DHL's control.

Temporary surcharges to be applied in addition to rates. All the above will have an 8-day prior notice for any emergency surcharge describing the reasons.

One or more Demand Surcharges may be applicable during peak season. Peak season periods will be determined at DHL's discretion and could be a result of high demand on services or high operational costs.

Details concerning applicable Demand surcharges are to be established at <https://mydhl.express.dhl/> and are subject to change prior notice.

Demand surcharges are cumulative.

IN-BOND WAREHOUSE CR12 N. 19 AICM GATEWAY MEXICO DHL EXPRESS MEXICO S.A. DE C.V. 2025 STORAGE, CUSTODY AND HANDLING RATES

WAREHOUSING RATES

THE FOLLOWING CHART IS APPLICABLE FROM DAY 3

STORAGE

Storage

The formula to determine the charge is as follows: Weight in kilograms multiplied by the corresponding factor depending on the day range in storage, multiplied by the number of days staying in the warehouse. DHL will add VAT to the resulting rate.

Weight in kilograms (kg)		1-10-day rate	11-20-day rate	21-day rate onwards
From	Up to	Factor	Factor	Factor
0.1	100	1.7861	2.4073	2.9199
100.1	200	1.3798	2.0569	2.5647
200.1	300	1.0484	1.6913	2.2571
300.1	500	0.9038	1.4039	1.9123
500.1	1,000	0.8795	1.3165	1.7085
1,000.1	2,500	0.8759	1.1395	1.6282
2,500.1	3,500	0.7111	0.8091	1.2340
3,500.1	5,000	0.5948	0.7111	1.0190
5,000.1	Onwards	0.5436	0.6465	0.8960

Minimum storage charge MXN\$949.34

The minimum charge for storage will be applicable when the rate resulting from the formula is lower. Resulting rates will be in MXN. Rates subject to change without prior notice.

HANDLING AND MANEUVERING RATES

THE FOLLOWING CHART IS APPLICABLE FROM DAY 3

HANDLING / MANEUVERING

Weight in kilograms (kg)		Rates	
From	Up to	Cost	Factor
0.1	100	\$1,029.94	Non-applicable
